Two Are Killed, 41 Injured In Explosion-Blaze In Reno

RENO, Nev. (AP) — The block-square Masonic Temple and nearby business buildings were heavily evacuated today as a hastily smelted gas led to fears that a new explosion might follow yesterday's disastrous propane gas blast in downtown Reno.

By JIM THOMAS

RENO (AP) — Two persons were killed and 41 injured in a series of explosions and a fire which destroyed five buildings along Sierra Street in mid-Reno yesterday.

Damage was estimated in excess of two million dollars.

Five persons previously reported missing were found today.

Because of the great amounts of rubble to be cleared away and dangerous walls and overhanging beams which needed to be knocked down, disaster crews could not search the wreckage until today.

But for a clothing store employee's quick reaction when he

Boy Nipped; Check Dead Fox For Rabies

A 14-year-old Hunterstown Road youth and others in the area are much interested in tests being made this week on a dead fox. The fox was captured Saturday by the youth and others who dug it out of a hole. The youth sustained a slight scratch on a finger when the fox snapped at him. He received a tetanus shot to prevent infection. Tuesday the fox died, after having become progressively more lethargic after its capture.

As a safety precaution the skull of the fox was sent today to Har-laboratories for rabies.

Physicians said the animal had none of the typical symptoms of rabies but it was decided that a check should be made "just to be on the safe side."

GIRL SCOUTS PLAN CONTEST WEEK OF MAR. 11

Plans for a number of activities were outlined Tuesday evening at a meeting of the Adams County Girl Scout Council directors in the scout office in The First National Bank building here.

Preliminary plans were completed for the annual Girl Scout rally to be held at the Gettysburg High School March 9 from 10:30 in the morning until 2 in the afternoon.

The group voted to hold the annual Girl Scout window display contest during the week of March 11, Girl Scout Week.

SAYS RED CROSS INITIATED MANY LOCAL SERVICES

Many of the community welfare services now performed here by various state and local agencies were initiated by the Red Cross, Mrs. Franklin R. Bigham, former Red Cross secretary for the county chapter, said Tuesday evening as she presented a paper at the February meeting of the Adams County Historical Society on the history of the county Red Cross chapter.

Mrs. Bigham also read a paper written by Miss Margaret McMillan, for 30 years Red Cross chapter secretary here, on the use of the former Gettysburg Female Academy building on E. High St., now belonging to the Adams County Free Library, as chapter headquarters and workroom from 1917 to 1949.

Dean W. E. Tilberg, president of the society, presided at the meeting in the courthouse basement when the purchase was announced of a volume on "President Eisenhower, His Ancestors and Relations" by the society as a memorial to George W. Baker, recently deceased former president of the society. Persons who wish to donate to the memorial fund may give their contributions to society officers.

27,000 Inscriptions

The first volume of the work, tracing the Eisenhower ancestors in Germany up to the time they came to this country, was displayed. The society also has received six of the 12 planned supplements to the original volume.

The society also received from Mrs. Naomi Reifsnider Hett of Gettysburg as a memorial to her mother a volume listing 27,000 inscriptions on gravestones in 68 cemeteries in Adams County. Mrs. Hett's mother was Sarah Alberta Hollinger.

Dr. Robert Fortenbaugh, chairman of the library and museum committee, said the Dr. Henry Stewart collection was the largest ever received by the society and is being displayed in separate cases in the society's museum. He also made special mention of the Maude Wierman Kennedy collection of articles of importance to local history and pointed to the society's growing problem of finding space to store and display its increasing store of historical items.

Historical Gifts

Dr. Fortenbaugh also reported the gift from Mrs. Harry Oyler and Jack Oyler of 1846 broadsides describing a literary contest at Gettysburg College between the Philomatheans and the Phrenosians.

A group picture of the Gettysburg High School graduating class of 1909, was presented by Ray Snyder, a frequent contributor to the society's museum collection.

The enrollment of 333 Adams County high school American history students as associate members of the county historical society was announced and thanks expressed to the history teachers who cooperated.

Formed In 1917

The suggestion was made by Attorney Franklin R. Bigham that a tour of the society's museum rooms be included in future court-house visits for high school pupils who attend each session of court. President Tilberg said the society will be glad to open its museum for (Continued on Page 10)

Farrokh Sarmad, the 5 foot, 10 inch tall, good looking son of Attorney and Mrs. Sadeh Sarmad, of Tehran, Iran, is looking forward with genuine interest and enthusiasm to the English language, developed a deep interest and admiration for the United States and is eager to complete his education in one of the larger universities of his temporarily adopted country.

The young Moslem was born in Tehran where he attended primary school for six years and six years in private high schools. He studied physics, chemistry, physical education, history and other subjects and completed his schooling in Tehran in June, 1955. The following September he came to the States.

Near His Sister

Farrokh chose Gettysburg College because he wanted to be near his sister, Zohreh Sarmad, who is a student at Wilson College, Chambersburg. She had come to the United States in 1953 as a delegate to the New York Herald Tribune Forum. The following year she returned to enroll at Wilson. Her younger sister, Nahid, is a delegate this year to the same forum. Farrokh has a young brother, 17, a student in Tehran.

"I've been in this country for 17 months and I like it very much. I'm not homesick anymore. Everybody has been very nice to me. President Says Government May Use Inflation Control If Business, Labor Break

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — President Eisenhower said today the government will have to move in with some form of inflation controls if business and labor fail to deal with the problem adequately on a voluntary basis.

The President at a news conference, did not specify what type of controls he may have in mind. Eisenhower also said that he believes Israel has a decent respect for mankind and will comply with United Nations demands that it withdraw its troops from the Gaza Strip and the Gulf of Aqaba area.

Committed To U. N. Support

As for whether the United States would go along if there is a U. N. call for economic sanctions against Israel, Eisenhower made no direct reply to a question on that point. But he did say the United States is committed to support the U. N.

Israel so far has refused to comply with U. N. demands that it withdraw its forces from all of Egypt.

On the matter of inflation, Eisenhower was reminded that in his January State of the Union message he called on both business and labor leaders to cooperate in a voluntary drive to check spiraling prices.

Long Term Planning

Today, Eisenhower said that when he brought up that point in his message he had in mind the long-term best interest of every one concerned.

He went on to say that if there

Three-inch Snow Blankets County

State Highway Department snow plows continued today snow removal work that began Tuesday evening about 6:30 o'clock and continued throughout the night.

A three-inch snow blanketed the county and kept 16 plows and a grader busy overnight. Late this morning four plows and a grader continued to shovel the heavy, slushy snow off the main roads. A few cinder crews also were called out Tuesday evening.

Temperatures Tuesday night hovered around the freezing point and went as low as 29 degrees. At 8:30 a.m. the reading was 31 at The Gettysburg Times weather station.

Today's snowfall brings the 1957 total to 11 inches in Gettysburg.

TELLS OF FIGHT EVERY ZERO DAY IN GETTYSBURG

"Every zero day, there's a battle at Gettysburg in which Old Man Winter is the enemy and it takes thousands of men and millions of invested dollars to win the fight," Mrs. Harriet Woodcock, information representative for Manufacturers Light and Heat Company, told the Gettysburg Exchange Club Tuesday evening at its meeting at Banker's Restaurant.

She said Manufacturers broke gas delivery records four times last month in the battle with the cold—on the 2nd, 14th, 16th and 17th. On each of those days over 840,000 cubic feet of gas were sent to 375,000 customers in Ohio, Pennsylvania, West Virginia and Maryland.

These delivery records are not only due to cold weather, Mrs. Woodcock explained, but also to the fact that demands for natural gas have steadily mounted over the last ten years.

From 90 To 1,358 Customers

"Gettysburg is a typical example," she said. "Here in 1945 there were only 90 gas heating customers out of the 1,358 listed by the company. There were 750 new customers added during the next ten-year period and now one out of every two customers uses gas for heating."

"Manufacturers spent \$1,200,000 to provide facilities equal to this local demand between 1950 and 1956, mainly in 32 miles of new and enlarged pipelines to serve the Franklin-Adams market area," she said. "This is part of the more than \$142,000,000 spent to provide service in all of Manufacturers territory."

Storage Plan Economical

"Expansion alone would never have won the fight for winter comfort, if it had not been for one of Appalachian area's most fortunate geological accidents," Mrs. Woodcock said. She explained that many of the original Appalachian gas (Continued On Page 2)

ACQUIT DRIVER ON CHARGE OF TIPSY DRIVING

Harry Albert Lear, 34, 213 Chambersburg St., was found innocent of driving while under the influence of intoxicants by an Adams County jury Tuesday afternoon. The jury ruled that Lear should pay the costs of the case.

The Lear jury began its deliberations at 1:55 o'clock Tuesday afternoon and handed up its verdict at 3:30 o'clock.

Trial was started at 2 o'clock on the driving while under the influence case against James Washington Thompson, Oklawaha, Fla., truck driver. When the Thompson jury begins its deliberations this afternoon it will have to decide whether Thompson drove while under the influence or came under the influence after he parked his vehicle at Bob's Diner, near Aspers.

Says He Stopped, Then Drank

Thompson testified that he "felt his drinks" when he was removed by state police to Dr. B. C. Jones, Bendersville, and underwent a sobriety test there.

But, he held, he had nothing to drink before he stopped his truck in the parking lot and that he did not drive after he began drinking. In evidence were two pint bottles of whiskey Thompson said he purchased one of the bottles in Gettysburg on the morning of December 4, drove to Bob's Diner, parked, and then opened one bottle and took a number of drinks.

Witnesses testified he remained in the truck for some time before getting out of the vehicle and going into the diner where he ate. H. Earl Pitzer, Aspers, said he was eating at the diner when he saw Thompson drive into the parking lot. Pitzer said that after he had completed his meal he left the restaurant and walked to the one side of the truck enroute to his office across the road. He heard someone getting out of the other side of the vehicle.

Start Smith Case

Pitzer then crossed the road where employees, who had seen Thompson get out of the vehicle, told Pitzer that the man was "drunk." Pitzer called state police, then went to the truck and removed the keys, went to the diner to tell the waitress there he had the truck driver's keys (Continued On Page 2)

The board expressed its appreciation and thanks to the commissioners for its support and cooperation in all matters with reference to the child welfare services. Various committees were also commended for the many studies and probes they made of welfare services and needs during the year.

Mother, Daughter Buried Alive 90 Minutes In Idaho

WARDNER, Idaho (AP) — A series of snow slides swept down a canyon onto this mining community yesterday, smashing homes like cardboard boxes. One man was killed and three others injured.

A mother and her young daughter were buried alive for about an hour and a half. Another woman was thrown through the broken roof of the adjoining house and landed alive, but critically hurt, in the kitchen.

Many of the 1,000 residents, fearing new slides, evacuated their homes on the steep slopes on both sides of the main street.

The first slide struck before dawn. It killed a miner, Clarence

Weaver, 56, splintered his home and to s e d his wife 200 feet through the roof next door.

Tons of snow and ice again came crashing down at 10 a.m., smashing into houses half a mile farther down the canyon. Mrs. Betty Sawyer, 24, and her daughter Gloria, 3, were trapped in the kitchen of their home.

A hundred men worked frantically to free them from the snow. After 90 minutes, Mrs. Sawyer was found under the protective cover of the back door which had been knocked atop her. The child was found nearby, still sitting in her smashed high chair. Neither was believed seriously hurt.

BONNEAUVILLE FIRE COMPANY PLANS ARE MADE

Plans for the annual carnival and appointment of drivers were among matters before the Bonneauville Fire Co. at its meeting Tuesday evening.

The annual carnival will be held July 23 to July 27. Selected for entertainment were: July 23, Buddy Allen; July 24, Oklahoma Travelers; July 25, Happy Johnny; July 26, Gary Epley and July 27, Littlestown High School band. Plans were also made for fireworks displays July 26 and 27.

Thomas Gardner, Bernard Lemon and Fire Chief Rodney Noel were named as a committee to seek additional rides and amusements for the carnival. The committee will report its progress at the March 5 meeting. Chief Noel was asked to secure the services for John Dutera as announcer for the carnival.

Chief Noel named Fred Gulden, Vincent Staub and Charles Staub as drivers for truck No. 1 and Norman Weaver, Lawrence Orndorff Jr. and Raymond Smith as drivers for truck No. 2.

Two sections of the bylaws were changed. One changes the prior six months ruling to state that members three months back in their dues are to be dropped. The other changes the dates for collection of dues from January and July to January and April.

The report of the auditors, Edward Smith, Francis Clabaugh and Charles Keiser showed the company spent \$4,219.80 in its operation during 1956.

Chief Noel reported purchase of coats, gloves, stretchers, etc., for the company through Civil Defense surplus supplies at Harrisburg.

Richard Gulden was admitted as a new member.

It was reported that the new fire house being constructed by the company is now under roof. Arrangements were made to move the extension phone from the home of Raymond Staub who had been answering night calls. Staub now resides at the Bonneauville Hotel and will take the calls there.

Two Are Killed

Elks Club, both on the east side of Sierra Street.

Neither of those known killed was inside the buildings. Mrs. John DuPrat, about 60, socially prominent wife of a retired grocer, was struck by falling debris. Frank Spina, 48, owner of a shoe repair shop, was crushed to death beneath an automobile which was blown over on him and crushed by a falling wall.

The explosions followed each other so swiftly that people rushing from one were caught in the concussions of the next.

Ed Caffrey, who had just been evacuated from the Elks Club, where he had eaten lunch, reported he was "slammed against the wall of the building" by the second explosion, and then was caught by the third as he rushed around the corner of the Elks Club. Strangely, he was not injured.

All gas mains in that section of town were closed and 12 blocks of buildings in the area were evacuated.

The Virginia Street area above 2nd, where most of the gambling casinos are located, was not affected and the houses continued "business as usual."

Rescind Evacuation Order

The evacuation order in part of the area, and including the fashionable Mapes Hotel, was rescinded after five hours. However, several blocks adjoining Sierra on 1st Street remained closed until checks could be made of all possible gas concentration points.

Sgt. John Paget of the Reno air defense filter center reported watching the roof of the Bankers Trust Building "shoot a hundred feet in the air" after the second blast.

The fires which followed destroyed the buildings on the west side of Sierra.

Only 16 of those injured remained in the hospital overnight and only three were in serious condition.

CHAPTER 27

by Don Whitehead

Tightening Up On The Spy Net

Harry Gold, right, Swiss-born chemist, has handcuffs unlocked after conviction on espionage charges. Gold took A-bomb secrets from Dr. Klaus Fuchs, atom scientist, for relay to Russia.

doubts about such treachery?

Yes, he said, he had begun to suffer doubts. He still believed in communism, but not as it was being practiced in Russia. Now, too late, he saw communism as something to fight against.

A significant little scene took place when Skardon accompanied Fuchs to the War Office on Jan. 27, 1950, where Fuchs was to make a formal statement. Skardon faced Fuchs, the man who had betrayed England, the United States, Canada, his associates, and men of freedom everywhere.

Fuchs On Trial
The Briton said, "I ought to tell you that you are not obliged to make a statement, and you must not be induced to do so by any promise or threat which has been held out to you."

Fuchs looked at Skardon. Perhaps at that moment he understood for the first time in his twisted life the true protector of human dignity, government by law. He said, "I understand. Carry on."

Klaus Fuchs was brought to trial in Old Bailey on March 1. He pleaded guilty to charges of giving "to persons unknown" information calculated to be useful to an enemy.

Lord Chief Justice Goddard, after hearing the evidence, said to Fuchs: "You have betrayed the hospitality and protection given to you with the grossest treachery. . . . The maximum sentence ordained is 14 years. That is the sentence I pass upon you."

FBI Seeks Stranger
In this country, the Joint Congressional Committee on Atomic Energy was to say: "It is hardly an exaggeration to say that Fuchs alone has influenced the safety of more people and accomplished

fact, he had never been west of the Mississippi river. He answered questions willingly and even with an air of candor, as a man would with nothing to hide.

Map A Giveaway

A week passed, during which Gold was questioned several times, and finally he said to the agents, "I've told you everything I know. I've got nothing to hide. If it will help, go ahead and search the place." He gave his written consent for the search of his home.

One of the agents looked behind a bookcase. He picked up a yellow folder, one of those Chamber of Commerce maps for tourists. It was a map of "Santa Fe, the Capital City."

The agent spread the map open. "You said you had never been west of the Mississippi? Or have you?"

Harry Gold stared at the map. Then suddenly he seemed to crumple, like a man so bone-weary that he couldn't carry his burden another step.

Gold said, "I . . . I am the man to whom Klaus Fuchs gave his information."

Gold Gets 30 Years

Just as with Klaus Fuchs, once the words began they came in a steady flow. He told how he picked up the information and gave it promptly to "John," whom he later identified as Anatoli A. Yakovlev, Russian vice consul in New York.

Gold was indicted by a Brooklyn grand jury on a charge of conspiracy to violate the Espionage Act of 1917. He pleaded guilty in Philadelphia on July 20, 1950, and was sentenced to 30 years' imprisonment.

greater damage than any other spy not only in the history of the United States but in the history of nations."

From the time Fuchs confessed, the FBI concentrated on getting the answer to one question: Who was the Stranger, the mystery man to whom Fuchs slipped atomic information on at least 10 occasions?

The single clue on which to work was a vague description by Fuchs of a man in his middle years, say 40 to 45. About 5 feet 10. Round face. Not a physicist. Probably not even an atomic employee. Perhaps a chemist.

"Perhaps a chemist. . . . The search narrowed. Now the FBI concentrated on finding a chemist who would fit the description. Agents pored over files and records. The task was enormous. For example, in 1945, New York City alone had issued 75,000 licensing permits to chemical firms.

But by the slow process of elimination, the possibilities thinned to 1,500 . . . 1,000 . . . 100 . . . 20 . . . and then at last to Harry Gold.

Gold's name had come to the FBI's attention in May, 1947, during an investigation which grew out of information supplied by Miss Elizabeth T. Bentley, a self-confessed Communist courier. The file showed that Gold was a chemist.

A further check disclosed that Gold was now in charge of biological research at the Philadelphia General hospital's heart station. On May 15, 1950 — some six weeks after Fuchs' conviction — two FBI agents visited the Philadelphia hospital.

No, he didn't know anyone in Santa Fe, N. M. As a matter of

KOREAN BONUS BEFORE SENATE

HARRISBURG (AP)—A committee-approved measure spelling out procedure for paying a proposed 15-million-dollar bonus to Pennsylvania veterans of the Korean War was before the Senate today.

The measure would allow immediate processing of claims if the proposed bonus amendment to the constitution is passed by both houses in this session and endorsed by a public vote.

Identical measures calling for the bonus have been introduced in both Houses. One will be chosen to appear on the election ballot for the public vote.

The measure passed both houses during the 1955 legislature. Under law, constitutional changes must be approved by both houses at two consecutive sessions before appearing on the ballot.

The implementing measure is almost identical to that passed for payment of the state World War II bonus. It calls for payments of \$10 a month for domestic service and an additional \$5 a month for foreign service up to a maximum payment of \$500.

RELIGION

I know of no force that is work-
ing among the peoples of this
world so powerful in its influence
upon human beings as that of
religion. From one of the books
by Thomas Carlyle I quote this
statement: "It is well said in
every sense, that a man's religion
is the chief fact with regard to
him. A man's or a nation of men's."

Religion in some form or an-
other is to be found among the
most savage of races as well as
among all the civilized peoples of
the earth. Many of these religions
are of the most devout in feeling
and spirit. "Blessed is that nation
whose God is the Lord." In a
religious community, or nations,
nothing else is so potent for
happiness. Humbly we bow to the
God who is the Father of us all.

In times of stress, trouble and
even chaos religion is the one
source of our salvation and hope.
It gives us confidence and com-
fort. And when sorrow comes the
Everlasting Arms are about us
to give courage and increase our
faith. It is the spirit of religion
that comes over a people to give
them guidance in adversity and
assurance that death does not end
all.

I am reminded of a story that
happened in the life of the noted
agnostic Robert Ingersoll. He had
just finished an address in which
he seemed to have wiped out all
hope for the Christian's faith and
belief in a future life. At that
moment an old man got up in the
rear of the house and said: "Mr.
Ingersoll, if there is nothing in
this stuff upon which I have
leaned happily for so long, what
have you to offer in its place?"
I am of the opinion that Mr.
Ingersoll's eloquence was dramati-
cally stilled.

Religion is a staff upon which
we all can lean. It is a strength-
ening power, a rebuilder of faith,
and the only enduring hope for a
peaceful and confident outlook into
a life beyond.

THE HOME WORLD

There are toys on the floor and
coats on a chair
And the mother is mending the
garments they wear,
But I feel quite at home
Whenever I'm there.

The welcome is warm when I
happen along,
And I know when I enter that
nothing is wrong
And time's slipping by, and no
hour is too long.

The home world is small where
from care is release
The bickerings few and the
differences cease,
Its people are kind and they all
live in peace.

SEEK REVIVAL OF STATE MOVIE CENSOR BOARD

HARRISBURG (AP)—A new at-
tempt to bring Pennsylvania's
movie censor law within the lim-
its of the constitution was ready
for House consideration today.

Reps Leo J. McLaughlin (D-
Allegheny) and Walter Kamyk
(D-Allegheny) introduced a bill
yesterday designed to revive op-
eration of the board. The original
1915 movie censor law was de-
clared unconstitutional by the
State Supreme Court in March,
1956.

During the 1955 session the
House approved a similar bill
which died in the Senate. The
board ceased operations after the
Senate refused to approve a \$100-
000 appropriation for it.

Power To Disapprove
The McLaughlin-Kamyk bill
would give the board power to dis-
approve a film. The law thrown
out by the courts gives it the power
to approve films.

The bill was sent to the law
and order committee.

Other new bills would:
Exempt from the realty tax
transfers between brothers and
sisters—Brucker (R-Phila.).
Amend the State Constitution to
permit a qualified voter to cast
his ballot if he moves out of his
home election district within 60
days before an election — Stimel
(R-Lehigh).

Order county election boards to
display the American Flag at pol-
ling places — Bell (R-Delaware)
and Murphy (R-Delaware).

Gift Giving
Regulate the procedure of giv-
ing gifts to persons under 21 —
Tompkins (R-Cameron) and
Stroup (R-Redford).

Repeal the state loyalty oath

GOP Will Attempt To Balance Pennsylvania Budget Without Adding New Taxes For 2 Years

By LEONARD A. UNGR
HARRISBURG (AP)—Speaker W.
Stuart Helm (R-Armstrong) said
today Republicans would seek to
balance the commonwealth's 1957-
58 budget without any new taxes.

"No changes are needed in the
present tax structure at all," he
told a newsman. "What Republi-
cans plan to do is to exercise
some long-needed economies in
Harrisburg."

Helm said Republican legislative
leaders would meet Sunday night
to lay the groundwork on a tax
policy for the GOP-controlled Leg-
islature, adding:

"There is no chance at all we
will go along with Gov. Leader's
idea of raising 108 million dollars
in new taxes."

The governor, in his budget
message to the Legislature yester-
day, asked for \$108,613,000 in
new taxes to balance a general
fund budget of \$1,600,000,000 as
part of an overall budget of more
than two billion dollars.

No Tax Suggestions
Leader made no specific tax
suggestions but referred to the
recommendations of his Tax Policy
Advisory Committee as a possible
source of new levies.

The bipartisan committee sug-
gested extending the 3 per cent
sales tax to cover clothing, the
value of trade-in allowances, and
beer and liquor sold in taprooms,
as well as reviving the cent-a-
bottle soft drinks tax.

Helm said he personally favored
retaining the cigarette tax at five
cents a pack, a cent of which
was enacted in 1955 for flood re-
lief and will expire May 31.

Legislative reaction to Leader's
tax program was varied. One of
the sharpest criticisms came from
within his own party.

"Shirked His Duty"
Sen. Joseph J. Yosko (D-North-

ampton) said Leader "shirked in
his duty" in not making specific
tax recommendations. Sen. John
H. Dent, Democratic floor leader,
declined comment.

Rep. Albert S. Readinger, Demo-
cratic floor leader, described
Leader's budget message as "very
realistic" and one that recognizes
the commonwealth's changing
needs.

Rep. Albert W. Johnson, Republi-
can floor leader, took the same
tack as Helm.

"We believe we can meet the
legitimate needs of the common-
wealth without a 50 per cent jump
in appropriations," Johnson as-
serted.

Must Curtail Spending
Helm, when questioned how the
Leader administration can econo-
mize in its budget, said the gov-
ernor can start by curtailing
spending between now and the end
of the current two-year fiscal
period, May 31.

"If he'll do that, I'm sure the
deficit won't be anywhere near the
\$2 million dollars he is now
forecasting," Helm said.

Other legislative developments
as the House and Senate made
plans to adjourn until next Mon-
day:

Korean Bonus—The Senate Mil-
itary Affairs Committee unani-
mously approved last night leg-
islation to spell out the basis of
paying a proposed 150-million-
dollar bonus to Korean War vet-
erans receive up to \$500 for their
Korean War service on the basis
of \$10 a month and \$15 a month for
United States and \$15 a month for
service overseas.

Wiretapping—A measure to out-
law all wiretapping in Pennsylv-
ania was sent to the Senate floor
with a proviso that public hear-
ings be held before it is sent to
a floor vote.

The Senate judiciary general
committee will hold the hearings
within the next two weeks.

**law—Welsh (D-Phila.), Toll (D-
Phila.) and Gailey (D-York).**

Require the Revenue Depart-
ment to place every driver's birth
date on his operator's license —
Valallo (D-Phila.) and Markley

Prohibit anyone failing the driv-
ing test from taking it again for
30 days—Markley and Valallo.
Give every resident of Pennsylv-
ania over 65 free fishing and
hunting licenses for life—Price (R-
Mifflin).

Transfer the issuance of dog
licenses and kennel certificates
from county treasurers to the De-
partment of Revenue—Blair (R-
Erie).

Reduce Age
Give anyone over 18, instead of
21, the right to enter into personal
and property contracts—Nagle
(R-Somerset).

Establish regulations for teach-
ers of mentally retarded and
physically handicapped — Murray
(R-Snyder), Pursley (R-Union),
and Bower (R-Northumberland).

Establish an unsatisfied claims
fund for payment of damages for
injury or death, or property dam-
age arising from the use of motor
vehicles—Gelfand (D-Phila.) and

SENATE TO GET ME RESOLUTION EARLY IN WEEK

WASHINGTON (AP)—President
Eisenhower's Middle East resolu-
tion entered the final stage of
Senate hearings today amid pre-
dictions it will reach the Senate
floor sometime next week.

But the administration contin-
ued to face opposition from
senators who want to separate the
military and economic arms of
the proposal to combat com-
munism in the Middle East.

The House passed it last week
355-61 with only minor changes.
Eisenhower wants authority to
use American troops to repel
overt Communist invasion, if the
attacked nation requests such aid,
and to spend up to 200 million
dollars for economic aid in the
area before July 1.

Near End Of Hearings
Senate Republican Leader
Knowland of California and Sen.
Humphrey (D-Minn.) agreed that
the joint committee will wind up
hearings this week and report the
resolution to the Senate floor be-
fore the end of next week.

Humphrey told an interviewer
the Senate has no choice but to
support the Eisenhower proposals
"despite the administration blun-
ders that contributed to the crisis
in that area."

But Sen. Fulbright (D-Ark.)
said he will oppose the resolution
in its entirety. "Events have in-
dicated the secretary of state has
exaggerated the urgency of the
current situation," he told report-
ers.

Former Democratic Sen. Wal-
ter F. George, now Eisenhower's
NATO ambassador, said in a
speech last night that prompt
congressional approval of the re-
solution is "essential for guarding
the peace."

REPORT GAINS IN CONSERVATION OF U. S. SOIL

ST. LOUIS (AP)—Take it from the
men who should know best, only
soil conservation practices have
kept current drought conditions
from bringing back Dust Bowl
days as bad as the "Dirty Thir-
ties."

At the same time, they agree
the task of conserving the soil is
far from complete.

"Those out of touch with the
land feel the conservation job is
finished," Harrell Allen, an Ada,
Okla., farmer, said today. "But
it isn't. We're still washing away
twice as much soil a year as
we're able to anchor down."

At Annual Meeting
Allen is among about 2,000 dele-
gates attending the 11th annual
meeting of the National Assn. of
Soil Conservation Districts.

Sam Singleton, a farmer from
Dalhart, Tex., agrees with Allen
that progress so far in soil con-
servation has staved off a return
of conditions as they were in the
Dust Bowl '30s, when Oklahoma,
Texas, Kansas, Colorado and Ne-
braska were the hardest hit.

Bernard Becker, of Beaver City,
Neb., one of several farmers in-
terviewed, said he's been reliably
informed 27 former GI's were sell-
ing their farms in his county this
year because of the drought.

"They're not mad at farming,"
Becker said, "but the price
squeeze plus the drought make it
impossible for them to stay."

SEEK PROBE OF LEADER PAYROLL

HARRISBURG (AP)—The House
Rules Committee had before it
today a resolution asking for an
investigation of the payroll of Gov.
Leader's administration.

Three Republican lawmakers
submitted the proposal yesterday
calling for a six-member House
and Senate committee to look into
charges that about 6,000 more em-
ployees are on the payroll now than
in previous administrations.

The resolution would direct the
committee to report its findings
and recommendations to the gov-
ernor and the General Assembly.
Sponsors are Maurice Goldstein
and Willard F. Agnew, Allegheny
Republicans, and Paige Varner
(R-Clarion).

Other resolutions submitted to
the House would:
Direct the Joint State Govern-
ment Commission to study Penn-
sylvania traffic laws, the adequacy
of penalties and the difficulties of
enforcement—Strausser (R-Colum-
bia) and Cleveland (R-Monroe).

Have the legislature petition
Congress to investigate factors
leading to the rise in gasoline and
fuel prices—Kooker (R-Bucks) and
Keller (R-Bucks).

"YOUR SWEET EXPRESSION"

No words could ever quite
expound . . . the wonder of your
face . . . but every time I look at
you . . . I feel a warm embrace
... and so I set about to write
... what happens to my heart
... when I behold the glory of
... such priceless work of art
priceless I say because your face
... is lined with tender bliss
... and when you smile it's just
as though . . . I feel a magic kiss
... your sweet expression is
aglow . . . with hope in things
to be . . . and it implants a
golden faith . . . within the heart
of me . . . your slightest glance
is likened to . . . soft waves upon

JURIST BANS PICKETING AT FOUR PLANTS

PHILADELPHIA (AP)—A Federal
judge has issued a temporary in-
junction restraining a Teamsters
Union local from picketing four
non-union trucking firms.

U. S. District Court Clerk Gilbert
W. Ludwig said on Monday that
the degree had been signed by Presi-
dent Judge William H. Kirkpatrick.

Judge Kirkpatrick heard the
case two weeks ago. It named
Local 107, International Brother-
hood of Teamsters in action filed
by Coastal Tank Lines, Inc.; E.
A. Gallagher and Sons; E. Brooke
Matlack, and Leaman Transporta-
tion Corp.

Headquarters In York

Coastal Tank Lines has head-
quarters in York, Pa., and op-
erates terminals at York, Pitts-
burgh, Reading, Pa.; Morgan-
town, Charleston and Huntington,
W. Va.; and Salisbury and Balti-
more, Md. The other three firms
operate in the Philadelphia area.

Judge Kirkpatrick said in the
order that the injunction will op-
erate until final disposition of cases
now before the National Labor Re-
lations Board involving the firms
and Local 17.

The trucking companies charged
in court that members of the
teamsters local have threatened
their employees and have attempt-
ed to wreck some tank trucks by
firing on them. Union officials de-
nied this.

PRODS ISRAEL TO GIVE GROUND

UNITED NATIONS, N. Y. (AP)—
U. N. Secretary General Dag Ham-
marskjold prodded Israel today to
give ground on her refusal to quit
Egypt and the Gaza Strip.

Any hopes of an early settle-
ment were dimmed by Israeli in-
sistence that Egypt first must
promise not to renew her blockade
on Israel-bound shipping through
the Gulf of Aqaba.

U. N. circles said Hammarskjold
had requested the Israeli gov-
ernment to reconsider its an-
nounced intent to stay in the
Sharm el Sheikh area along the
gulf and the critical Gaza Strip
until given ironclad guarantees of
protection from Egyptian attacks.

Israel countered that clearance
of the Gulf of Aqaba was a test
of Egypt's sincerity. Informants
said Israel reasoned that if "a
simple question like Aqaba" can-
not be solved, how could the U. N.
work out the complex problems of
administering Gaza or deploying
the U. N. Emergency Force?

U. S. SPENDING IS ATTACKED BY HOOVER, SMITH

By STERLING F. GREEN

WASHINGTON (AP)—Underscor-
ing comments of former President
Herbert Hoover, Sen. Margaret
Chase Smith (R-Maine) said Tues-
day the nation's "fantastic" bud-
get and "Frankenstein" debt con-
tain the makings of economic dis-
aster.

Mrs. Smith prepared her ad-
dress for the third National Con-
ference on Government Reorganiza-
tion. Hoover told the same
group Monday night that the coun-
try is courting an economic
"agony" like the one which afflicted
his own administration.

He endorsed a recent declara-
tion of Secretary of the Treasury
Humphrey that the rising trend of
federal spending, unless checked,
will bring on a "depression that
will curl your hair."

"I Detect The Signs"
"Mine has already been curled
once," said the 83-year-old Hoover
in a wry reference to the 1929
boom-and-bust, "and I think I de-
tect the signs."

Mrs. Smith said she has asked
Humphrey by letter to point to
places in the budget where reduc-
tions can be made. She said he
suggested no specific cuts.

She recalled that Humphrey told
reporters there were "a lot" of
places where cuts could be made,
and contended his statement car-
ries with it "the serious obligation
to specify those places instead of
placing Congress in the position
of guessing as to what those
places are." She added:

"To me it is almost a fright-
ening comparison that the federal
government today pays more in
interest on its national debt than
it paid for all governmental ex-
penditures in fiscal 1938 — just 19
years ago."

RAIN FALLS ON FLOODED AREAS

More rain fell Tuesday in many
of the flood-stricken areas of the
South.

Heavy rains hit sections of
Alabama and Georgia on Monday,
increasing flood threats in north-
west Georgia and northeast Ala-
bama. Tuesday's wet belt extended
from the Kansas-Oklahoma area
eastward into the Carolinas. Rain
fell in the southern sections and
steel or freezing rain hit northern
areas.

Nearly 3 inches of rain was re-
ported in Mobile, Ala., on Monday
in the wide band of precipitation
from Texas through the Carolinas.
Warm weather prevailed through-
out the area with a high of 90 at
Alicia, Tex.

Sections of West Virginia, Ken-
tucky and Virginia, hard hit by
winter floods, also were in the
rain belt. The American Red
Cross has estimated it would have
to spend more than two million
dollars in relief for flooded areas
in the three states. More than
15,000 families have been affected
and hundreds of homes have been
destroyed or badly damaged.

Rain or drizzle was indicated in
the Ohio Valley. It was a little
colder from the Ohio Valley east-
ward and warmer in the north
central region. Warm weather
continued in the Gulf states.

CAMDEN, N. J. (AP)—Production
resumed today at the Camden
plant of the Campbell Soup Co.
after a week's shutdown in a dis-
pute over starting times.

The company and Local 80A,
United Packinghouse Workers, an-
nounced they had reached an
agreement on Monday. The com-
pany said the plant's 5,000 em-
ployees returned to work pending
settlement of the dispute.

Probe Explosion In Power Shovel

POTTSVILLE, Pa. (AP)—Police
today were investigating an ex-
plosion that ripped a power shovel
near here on Monday.

One of the owners, Thomas Can-

believed someone had planted
dynamite in the machine. The
blast shook windows of nearby
houses and awakened residents.

Canfield, a partner in the Can-
field Construction Co., said he had
no explanation for the explosion.
He said the employees of the firm
belonged to an independent miners
union, and there had been no labor
trouble.

Warriors' Late Surge Fails As Mechanicsburg Triumphs 58-57; Scrubs Easy Victors

A trio of quick Mechanicsburg goals in the first minute of the fourth period broke a 42-42 deadlock and the Wildcats went on from there to take a thrilling 58-57 verdict from the Gettysburg High Warriors here Tuesday evening in a South Penn Basketball League game after staving off a late surge by the Foremen. The game opened the second half race.

The score was deadlocked upon eight occasions during the first three periods as the teams battled on even terms most of the way. Mechanicsburg used the superior height of Carl Fox, 6-3, and Phil Houser, 6-1, to good advantage under the boards where the Cats often got many shots before scoring.

A goal by Jon Wagnild and two long heaves by Tom Kitzmiller got Gettysburg off to a 6-2 lead in the first four minutes but then Mechanicsburg reeled off straight points to make it 9-6 before Wagnild hit from the side. Goals by Don Heiges, Larry Holtzman and Fox sent the Wildcats ahead 15-8 at the quarter.

GHS Takes Lead

Heiges opened the second period with a long toss and Holtzman a foul to make it 18-8. Earl Little, blanked in the first period, then got a hot hand and poured through six goals and a foul as the Warriors crawled back into contention and went ahead. Kitzmiller looped a goal and two fouls, Kenny Keefe, whose steals seemed to ignite a spark in the locals, added two free tosses and Wagnild one as the Warriors left the floor at intermission on top 30-28. In the final minute of the quarter Little netted a pair of goals and foul to send the Warriors ahead 29-26. Houser looped a goal and Wagnild a foul to complete the scoring.

It was give and take in the third frame as the score was tied at 32-32, 34-34, 36-36, 38-38, 40-40 and 42-42. A trio of goals by Kitzmiller, two by Little and a pair of fouls by Steinour accounted for Gettysburg's points. Houser and Holtzman led the Cats' offense.

Defense Lapse Fatal

Houser took Fox's tap to open the final frame and went under to score unmolested. Holtzman scored two more goals quickly on steals and Mechanicsburg was on top for keeps.

A pair of easy lay-ups by Houser made it 54-44 with 3:39 remaining. The Warriors refused to quit. Little looped a pump shot and followed up with a three-pointer following a pretty steal. The Warrior ace immediately stole another pass and converted as Gettysburg trailed only 54-51 with 2:55 left. Houser retaliated for the visitors with a jump toss. Sidney Steinour converted both free tosses as Gettysburg trailed 56-53 with 1:59 remaining. About a minute later Heiges scored from close. With 48 seconds remaining Little made good on two fouls. Just two seconds before time ran out Wagnild hit on a one-hander.

Little grabbed scoring honors for the evening with 26. He was backed up by Kitzmiller's 14. Mechanicsburg's one-two scoring punch of Houser and Heiges was good for 24 and 16 points, respectively.

The loss dropped the Warriors' record to 5-9 for the campaign. They play at Shippensburg next Tuesday evening.

Third Win For Scrubs

Ray Ellis' Jayvees breezed to an easy 51-43 victory in the preliminary for their third win against 10 losses. Coach Ellis used his entire squad and the visitors seized the advantage to score heavily in the final frame after trailing at one point by 23 points, 45-22. Scoring was well divided among the locals who showed improvement in averaging an earlier season reverse.

Although many new faces were seen in the stands, the crowd did not measure up to expectations of the Gettysburg Booster Club, who sponsored free admissions. The heavy snowstorm undoubtedly was a big factor.

MISS ANDERSON PLAYS LEAD IN CHALK GARDEN

A distinguished cast in the comedy, "The Chalk Garden," will be seen on the stage of the Hershey Community Theater next Monday, Tuesday and Wednesday nights. There will be a special matinee on February 12, Lincoln's birthday.

"The Chalk Garden" was written by Enid Bagnold, British author remembered for her best selling novels, "Serena Blandish" and "National Velvet."

Judith Anderson and Cathleen Nesbitt share honors in the starring roles. The play introduces Judith Anderson in a new kind of role, for those who recall her "Media" and other portrayals. In this Miss Anderson is the "enigmatic, provocative, but amusing Miss Madrigal, who solves not only the problems of growing flowers in a chalk soil, but also the members of a Sussex household as well."

Cathleen Nesbitt, late of "My Fair Lady" and "Sleeping Prince," is seen in the role of Mrs. St. Maugham, mistress of the manor. Miss Nesbitt made her first appearance in New York in the Abbey Theater Irish players, and since then has had a fine career both in America and England.

Frederick Worlock, Stanley Bell, Deirdre Owens, and Rosemary Murphy are featured in the company presented by Choate, Rosen and Randolph Hale by arrangement with Irene Mayer Selznick. Others in the cast are Audrey Ridgwell, Helen Bonstell and Ruth Chandler.

Albert Marre directs and Cecil Beaton, famed for his scenic and costume creations, designed the stage setting and costumes.

G-burg Opposes Mules Tonight; Prelim At 6:45

Gettysburg and Muhlenberg renew their basketball rivalry here tonight in the feature game of a twin bill, the freshmen tangling with St. Francis Prep of Spring Grove in the opener at 6:45.

Last year the Bullets stunned the Mules with a victory on the local floor and they are hoping to repeat that performance tonight. In their first meeting at Allentown on January 5 the Mules breezed to an easy 100-71 decision.

The preliminary games promises to be a hard fought scrap. Jack Ridinger's freshmen, 5-5, lost at Spring Grove, 8-2, January 19 by a 98-95 score after leading most of the way.

Following tonight's game the Bullet varsity meets Lehigh Friday evening at 7:30 in the Hershey Sports Arena. The second game of the collegiate double-header pits Elizabethtown against Lebanon Valley.

GIARDELLO IS BIG FAVORITE OVER R. SANDY

CHICAGO (AP)—Al Weill, the sage of sock, says Randy Sandy is made to order for Joey Giardello in their 10-round middleweight scrap tonight.

The man who guided Rocky Marciano to the heavyweight crown says Sandy is too much of a standup fighter.

"Giardello just loves to battle those standup guys," said Weill. "Anyone who stands up to fight Joey is going to get belted real good, just ask Bobby Boyd."

Strong Favorite

Giardello put Boyd on the shelf with a broken jaw and lacerated mouth when he hammered the No. 1 middleweight contender into a pulp at Cleveland for a fifth round kayo last Sept. 28. That fight shot Joey back into the middleweight picture, and he meets Sandy as the No. 2 rated contender.

Giardello is a better than 2-1 favorite. By winning he can make a big stride toward getting a title crack, probably in June.

The winner is to meet the victor of the Spider Webb-Neal fight Feb. 15 night, with that winner progressing to a championship match with either Gene Fullmer or Ray Robinson in early summer.

To Be On TV

Giardello, 26, has a 63-13-5 record.

Sandy took the 1951 New York Intercity Golden Gloves welterweight title and won seven pro starts before Willie Troy stopped him in the 10th round. After a two-year hitch in the Army, he returned to take 6 out of 7 starts since last March, his only loss being to Rory Calhoun by a first round TKO last May.

Sandy, 24, has won 8 of 18 fights by knockouts, has been defeated 4 times and fought 1 draw.

ABC will broadcast and telecast at 10 p.m., EST.

CO-EDS TO START PLAY THURSDAY

The Gettysburg College girls will open their basketball schedule Thursday evening with a double-header against Elizabethtown College. At 7 o'clock the junior varsities will clash.

The varsity squad includes the following: Barbara Burkhardt, Jean Brown, Judy Schaub, Becky Slotterbeck, Kathy Swaim, Arlene Vandersanden and Sandy Ralston, forwards; Doris Beiser, Ardath Fisher, Barbara Lee, Mary Ellen Reinsmith, Ann Stetser and Carol Willis, guards.

Members of the Jovette squad are Sue Bricker, the flossie Heckman, Sue Ruby and Connie Schroll, forwards; Kathie Eiler, Mary Joseph, Joan Katz, Connie Noer, Barbara Sampson, Nancy Slusser and Joyce Wagner, guards.

The schedule:

For the first time since the 1951-52 season, the Boiling Springs High School dribblers tasted defeat in a regular season Adams County League game.

That was accomplished Tuesday evening when Bernie Thrush's Biglerville quintet put up its finest game of the season to upset the four-time league champs 40-26 before a packed crowd in the Biglerville gymnasium. Biglerville previously lost at Boiling Springs 46-44.

The victory, seventh in a row for the Cannons, lifted them into first place, Boiling Springs dropping into the second place slot. Tonight the Bubblers can knot the race when they make up a postponed game at Littlestown.

TEST YOUR BASEBALL KNOW-HOW YOU'RE THE MANAGER (Eighth of a series) By BEN OLAN

The increased emphasis on "percentage" maneuvers in the last few years has been sharply criticized in some quarters. Managers insert lefthanded pinch-hitters to bat against right-handed batters against southpaw pitchers.

"A good hitter will get his share of hits off any type of pitcher or

\$150,000 IS SOUGHT FOR 40 SCHOLARSHIPS

HARRISBURG (P)—An appropriation of \$150,000 a biennium would be made to the Welfare Department for medical school scholarships under a bill in Senate committee today.

The proposal, made on Monday by Sen. Joseph J. Yesso (D-Northampton), would set up a maximum of 40 scholarships worth \$2,500 each a year in a move designed to relieve the shortage of medical men in Pennsylvania institutions.

The scholarships, all for state-aided medical schools, would be awarded on a competitive basis. Each person would be required to spend at least four years as an intern or resident physician in a state institution after completing the medical school courses.

Other bills would: Designate the great dane as the official state dog of Pennsylvania—Mullin (D-Phila.); Koprivier (R-Allegheny) and Kalman (D-Fayette);

Publish USWV Names—Appropriate \$40,000 to publish names of all Pennsylvanians who served in the Spanish American War—Wolfe (R-Union) and Chapman (R-Warren);

Water Rate Boost Postponed By PUC

HARRISBURG (P)—The Public Utility Commission today suspended until Aug. 15 an estimated \$25,200 annual rate increase proposed by the Northumberland Water Co.

At the same time, the PUC said it would investigate whether the boost is justified. The proposed increase would raise bills of 1,492 consumers in Northumberland borough.

The increase has been protested by Northumberland borough. The utility told the PUC the proposed increase, first since 1922, is needed to meet higher operating costs and to provide a return on plant additions.

BEGIN PROBE ON OIL PRICE RISE

WASHINGTON (P)—Two Senate subcommittees begin Tuesday a sweeping probe expected to cover oil price increases and their relation to the Middle East emergency.

There have been many complaints that the oil industry used the Suez crisis as an excuse to raise prices for fuel oil and gasoline, although, the complainants said, there was no shortage in the United States.

Sen. O'Mahoney (D-Wyo.) is presiding over the joint hearing by the Senate's Antitrust and Public Lands subcommittees.

He said he would concentrate first on antitrust law aspects of the Middle East Emergency Committee of major oil companies set up by the administration after the Suez Canal was seized last summer.

This committee was given immunity from the antitrust laws by the government.

O'Mahoney said he wanted to determine whether this immunity was proper and what the effect had been.

The administration conceded last week that the U.S. oil shipments to Western Europe have fallen below projected goals.

HARRISBURG (P)—The Senate has under consideration today a proposal that would repeal the Pennsylvania loyalty oath—a law one Democratic lawmaker described as "no good."

EXPECT IKE TO KEEP STASSEN AS ASSISTANT

WASHINGTON (P)—President Eisenhower reportedly plans to keep Harold E. Stassen as his disarmament assistant despite some GOP demands for his retirement.

The subject came up at a recent White House conference attended by members of Congress.

The President was represented as having said, with something akin to amusement, that Stassen seemed to have a tendency to put his political foot in his mouth. This was an evident allusion to Stassen's political attacks on Vice President Nixon.

"Dedicated Job" Eisenhower was reported to have added, however, that Stassen was doing a dedicated job in the disarmament field, a job he implied that not just anyone could step into and carry on with as much success.

Some members of Congress interpreted this as indicating Eisenhower believes that Nixon—whom he has praised highly—is capable of taking care of himself in any political jousting.

Stassen stirred up something of a tempest within the GOP by saying recently that the Republicans would have won control of Congress if former Gov. Christian Herter of Massachusetts had replaced Nixon as Eisenhower's running mate.

No Changes Indicated Rep. Simpson of Pennsylvania, chairman of the Republican Congressional Campaign Committee, responded by accusing Stassen of "performing a calculated disservice to the Republican party."

Rep. Scherer (R-Ohio) wrote H. Meade Alcorn Jr., new GOP national chairman, that Stassen's statement was "obviously the beginning of another dump-Nixon move for 1960."

Stassen tried unsuccessfully last summer to substitute Herter for Nixon on the ticket. But Herter declined and Stassen eventually supported Nixon.

In some quarters, Eisenhower's support for Stassen was interpreted as indicating that he plans no changes in top-level advisers.

Postmaster General Summerfield, the only Cabinet member whose job requires confirmation at the beginning of a second presidential term, won unanimous approval from the Senate yesterday.

YOUTH IS HELD; SHOT MOTHER

MEDIA, Pa. (P)—Juvenile court authorities are holding 13-year-old John Dougherty Jr. today after the youth admitted he shot his mother and had planned to kill both her and his father.

The mother, Virginia, 36, is still in serious condition in Taylor Hospital where a bullet was taken from her right side after the shooting Saturday night.

At first it was believed the boy had discharged the .22 calibre rifle accidentally while cleaning it. However, last night Earle H. Allen, chief of Delaware County detectives, said young Dougherty admitted his intentions in a signed statement.

Both parents were watching television at the time of the shooting.

The father, 36, said his 6-foot-son, their only child, had "physically outgrown his mentality." The boy gave no motive except he felt his parents "picked on" him. He is being held on a charge of assault with intent to kill.

Legislator Asks Probe Of Bridge For "Hobby" Farmer

HARRISBURG (P)—Rep. Stanley H. Gross (R-York) has introduced a resolution in the House asking that the state secretary of highways explain the construction of what Gross termed an "unnecessary bridge" for a man who farms as a "hobby."

The resolution, introduced yesterday, said also that the Highways Department had refused to contract bridges needed in York County.

If adopted, the resolution would require Secretary Joseph J. Lawler to tell the House within 30 days "his reasons for refusing to build these needed structures and his reasons for building this unnecessary bridge."

Farmer Not Named

Gross did not name the man he identified as a "hobby farmer." He said the bridge was under construction along Township Road 839 in Manchester Twp., close to two existing roads.

He asked that the House require Lawler to report "all political pressure urged upon him and the full extent that political considerations influenced his judgment." The department refused to build bridges in Springettsburg and Spring Gardens Townships, Gross said.

Farmers in the United States today own seven million motor vehicles and 4.5 million horses and mules. Ten years ago, in comparison, they owned 5.6 million motor vehicles and 11.9 million horses and mules.

WASHINGTON (P)—Congress got an Army opinion today that a young man gets as much useful military training in eight weeks of full-time duty as in two years of weekly drills and summer camps.

Brig. Gen. Creighton W. Abrams gave the opinion as the Army pressed its case for requiring six months of active duty training for all new enlistees in the National Guard. No formal training period is now required of guardsmen.

Abrams, deputy assistant chief of staff for reserve components, prepared his testimony for a House Armed Services subcommittee.

James MARLOW Reports

The Associated Press

WASHINGTON (P)—The American Communist party gives the appearance of a bewildered and split-up outfit as it gets ready for its national convention in New York Saturday.

Some Washington sources are inclined to take seriously what look like factions splits. Maybe so. But, until there's more solid evidence of their reality, whatever the party says or does in New York can be taken with a grain of salt.

Orders From Moscow

It can be said on the best authority that the American party was recently told by Moscow to cut out its yapping, close ranks and get down to business.

The direction the party actually seems to be taking is in line with what Russian Communist party boss Khrushchev suggested last February to Communist parties around the world: a change in tactics but not in purpose.

In his speech denouncing Stalin he recommended that Communist parties who find themselves at this time unable to take over by force should try to take over peacefully by such methods as these:

Various Roads

Infiltrating other parties and labor unions, putting up united fronts, acting like independent national parties (to take some of the curse of Russia off them and make them less obvious and objectionable to their own nation-als). He even suggested that Communists criticize one another.

There are, Khrushchev said, various roads to socialism. In spite of the sounds they're now making about being a national party, the American group echoed Khrushchev's very words when its 22-man Central Committee drew up a new constitution, which will be submitted to the convention and says in part: "There are various roads to so-

SAYS GASOLINE PRICE INCREASE NOT JUSTIFIED

WASHINGTON (P)—Sen. O'Mahoney (D-Wyo.) said today a rise in gasoline prices which followed U.S. oil shipments to Europe "does not seem to be justified."

"We were told that some major producers are swimming in gasoline," he told newsmen in advance of the second day of public hearings by senators from three investigating groups. O'Mahoney is presiding over the hearings.

O'Mahoney said spokesmen for 15 major oil corporations — now participating in a voluntary pool that supplies emergency oil products to Europe—would be heard later.

Europe Needs Oil

Arthur S. Flemming, director of the Office of Defense Mobilization who approved the emergency oil lift, yesterday testified that the voluntary program was the best plan and had done a fairly good job of supplying Europe.

But he protested Europe needed more crude and fuel oil and less gasoline. He criticized an increase of tanker shipments to this country of Venezuelan oil, saying it should have gone to Europe.

Politics Involved

Flemming said the Suez Canal and Iraq pipelines, closing of which late last year cut off vital European oil supplies, may be opened "much sooner than we had hoped," possibly by March 1 to 15. He quickly added that "political issues" outside his knowledge were involved.

He said his agency now has no powers to control prices of gasoline, fuel oil or other products and he could not comment upon price increases.

As an ordinary citizen, he said "it would be very helpful" for the Senate investigators to get some facts.

Sen. Clark Outspent Duff By \$100,000

WASHINGTON (P)—Sen. Joseph S. Clark (D-Pa.) outspent his losing opponent, Sen. James H. Duff (R-Pa.), by more than \$100,000 in winning a U.S. Senate seat last fall, the Senate Elections subcommittee reports.

The group listed Clark's total campaign expenditures at \$152,555 compared with \$47,546 for Duff, who was seeking a second term.

Total expenditures for the two senatorial candidates ranked Pennsylvania in sixth place among states following California, New York, Oregon, Illinois and Washington.

Contributions to Clark's campaign were listed at \$143,486, including \$36,500 from out of state. Duff's total was \$50,339, with \$16,500 from out of state.

MILWAUKEE (P)—Kenneth Rothenberg has learned that his planned duck dinners cost him \$5.50 a pound—and he won't get to eat them.

Rothenberg, 19, was arrested when suburban Wauwatosa police saw him carrying three mallards and four steel-jawed traps. He explained that he caught the birds on the edge of a lagoon at the county hospital.

In district court Judge Robert Hansen fined him \$50 for unlawful killing of waterfowl on county property. The ducks weighed about three pounds each. The Conservation Department confiscated the birds.

U. S. RELUCTANT ON SANCTIONS AGAINST ISRAEL

By JOHN M. HIGHTOWER
WASHINGTON (P)—The United States appeared reluctant today to consider applying sanctions to Israel even if that country does not withdraw its forces from all of Egypt.

Mention of the bare possibility of sanctions brought from Sen. Knowland (R-Calif.) the quick comment that such action would be "immoral" and "insupportable" in the absence of similar moves against Russia.

This government is concentrating maximum pressure at the moment on getting Israel to comply unconditionally with United Nations demands for withdrawal.

Further, Secretary of State Dulles told a news conference, at which sanctions were discussed yesterday, there is "good ground to hope" that Israel will withdraw its forces. He did not spell out the basis for such hope.

The question of sanctions arose because the Israelis have so far resisted U. N. demands to pull back their troops from two sections of Egypt which they still occupy. They have called for guarantees of access to the Gulf of

Aqaba for their shipping and assurances that the Gaza Strip would not again be used as a base for Egyptian forays against Israel.

American officials have been arguing with the Israelis that they should withdraw without insisting upon fulfillment of their conditions.

The Key Question

Dulles said under questioning that the United States "could only answer" the question of sanctions toward Israel in connection with some United Nations resolution on that subject. This country would not impose sanctions by itself, he said, but "if there was action by the United Nations calling for sanctions we would of course have to give them very serious consideration."

The key question is what position the United States would take in advance of a U. N. vote if sanctions were proposed in the United Nations. And on this point Dulles made no commitment whatever.

If the United States should come out in favor of sanctions, its position would have very great influence on what other nations did. If it opposed sanctions within the United Nations, it might succeed in blocking the resolution.

Sanctions cover a wide range of activities in the diplomatic, economic and financial fields. They may include such things as calling home ambassadors, cutting down or cutting off trade, withholding financial assistance or using methods of blockade.

NUTRITIVE VALUE OF FEED IS MEASURED

Digestible energy plus digestible protein became a common measure of nutritive value of feed in animal science recently. Official stamp of approval was put on the new terminology at a meeting of a Northeast regional committee held in New York, N. Y., in late January.

Representatives of 12 northeastern state agricultural experiment stations are members of this committee for projects undertaken in this region. Pennsylvania was represented at the meeting by Alex Black, assistant director of the Agricultural Experiment Station at the Pennsylvania State University, and R. W. Swift and J. W. Bratzler, of the department of animal nutrition at Penn State.

Total digestible nutrients (TDN), longtime legal expression of feed value in most states, has been under criticism for many years. Determination of TDN can be made only by methods from which agricultural chemists shrink, says Dr. Swift. At the same time, digestible energy, the key to the whole problem, may be measured in feeds quickly and simply with equipment now found in most nutritional laboratories.

LEBANON TOPS DELONE 76-56; STAR GETS 41

On the record-breaking individual scoring of George Kovach, the Lebanon Catholic Beavers trounced the Delone Catholic Squires 76-56 in a Central Penn Catholic League contest played at Delone, Tuesday evening. Both teams were opening their second half of play in the conference.

The heavy snow did not keep the fans from turning out for a fine exhibition of basketball put on by Kovach. Kovach broke an individual scoring record on the Delone court by dunking 15 goals and 11 out of 14 free throws for 41 points. The flashy forward on Coach Johnny Lytle's squad hit from all corners of the court on a perfected one-handed jump shot. The old record was formerly held by Tom Strasser of St. Edwards of Shamokin who hit for 40 points in the 1955-56 season. The last Squire to attain the high mark on the floor was Carroll Funk, who landed 38 counters in the 1953-54 season.

Delone In Early Lead

Delone found Kovach a difficult man to guard in the very first frame when he put his team out in front 23-18 by ripping the cords for 13 points. Lebanon went out in front 4-0 on jumps by "Buck" Shouder and Kovach to open the contest. Ray Sanders came back with a corner shot 1:10 minutes after the initial tap off. "Chas" Weaver knotted the count on a pair of charity tosses but Shouder bounced back with a lay-up. Half way through the stanza Delone took the lead for the first and only time during the game. Ed Roth hooped two consecutive jump shots from the foul circle to put the Squires in the lead 8-6. After building up a three-point advantage, the Beavers went to work with Shouder and Kovach ripping the cords from all angles.

In the second quarter Lebanon picked up three more tallies over the Squires to take a 38-30 half-time lead. Again it was Kovach and Shouder tossing the devastating blows, aided by Joe Bahstetter's lay-up and another lay-up and free throw by Fred Frateroli. Delone's scoring was evenly distributed on Roth's duo of goals and single outside shots by Poist, Strazzella, Weaver and Sanders.

Coach John Russ' lads outscored their opponents in the third frame 15-13 led by Weaver's trio of foul shots and pair of two-pointers from the foul circle. The Beavers fed Kovach in the corner who capitalized on each shot.

Kovach Off Again

The fourth period produced a big outburst of power by the "5'10"

Beaver forward. Hitting from all angles on the court, Kovach dunked five jump shots and a perfect six for six foul percentage. At this stage of the game Delone substituted freely but were still unable to set up a defense against their high-scoring opponent.

Weaver, Delone center, substituting for the injured Phil Staub, topped the Squires' list with four field goals and nine out of 11 fouls for 17 points.

Squire Scrubs Win

In the preliminary contest the Delone reserves had little trouble in disposing of the Lebanon reserves 61-49. Al Bell's lads broke out in front in the initial frame and were never threatened after that. Johnny Gastley, chief point lad on the team, was high man with 15 points, but had to take the back seat behind Lebanon's Pat Postick who landed 23.

On Sunday Delone will travel to York to take on a strong York Catholic outfit.

SOLAR POULTRY HOUSE AT PSU TO BE STUDIED

The solar poultry house at the Pennsylvania State University will be the center of attendance during a poultry housing conference February 26 and 27 at the Pennsylvania State University.

Poultrymen from Pennsylvania and many other states have requested this conference on housing, says Glenn O. Bressler, professor of poultry husbandry. Two years ago a similar conference attracted over 200 people from 21 states.

Solar house flocks will be compared with flocks raised in a new conventional poultry house on the University farm. Pullets of the same breed, age, and strain are used in the experiment. This test is designed to determine which type of house and system of management will be most profitable to the poultryman. Cage versus floor management of laying hens will be another major topic. Arthur Gannon of the Poultry Extension staff of the University of Georgia will handle the topic.

Windowless houses and slatted floors, other new developments, will be discussed by Richard Dirke, poultry breeder from Zeeland, Mich. Speaker at the conference banquet February 26 will be Wheeler McMillen, vice president of Farm Journal magazine. His topic will be "Some Guesses at Agriculture's Tomorrow." Complete programs and registration blanks can be obtained by writing to G. O. Bressler, Department of Poultry Husbandry, Pennsylvania State University, University Park, Pa.

LOCAL POLICE HELP CHECK ON BANK BANDITS

WESTMINSTER, Md. (AP)—Maryland and Pennsylvania state police, aided by FBI agents from Baltimore, patiently checked out tips from the public today in their search for two men who staged a \$7,000 bank robbery.

Two unmasked bandits, both waving snub-nosed revolvers, strode into a rural bank in nearby Union Mills yesterday and made the lone teller and two customers lie on the floor while they escaped northward toward the Pennsylvania line.

Capt. John Doud, troop commander of Maryland state police, said late last night that a steady

snowfall was hindering efforts to locate the bandits.

The bank, a one-story brick building on U.S. 140 seven miles north of here, is a branch of the Westminster Trust Co. here. Executive Vice President Paul Kuhns fixed the amount stolen at 7,010.

State police from Randallstown, Frederick and Pikesville in Maryland were working on the case today, along with troopers from York and Gettysburg in Pennsylvania.

SAYS RED CROSS

(Continued from Page 1)

Mrs. Bigham's paper on the Red Cross history, compiled last year by her daughter, Betty Ann Pennington, as an American History project at Gettysburg High School, included early chapter history by Mrs. Elsie Singmaster Lewars, the first secretary; later records from Mrs. McMillan with additions by the author covering the last decade of the chapter's service.

Mrs. C. B. Stover, who headed production work for the county chapter from its inception in 1917 during World War I, was in the group attending Tuesday's meeting. The chapter was organized April 17, 1917, at a meeting in the courthouse over which the late Dr. C. H. Huber presided as temporary chairman. H. T. Weaver was the first chapter chairman and Mrs. Bigham played the piano. The chapter's first annual report, Mrs. Lewars, Miss Nina Storick were early secretaries and then Miss McMillan began in 1919 a period of service that continued until 1949 while Mrs. Lewars served for many years as chapter chairman.

Valiant Volunteers
Mrs. Bigham told of the service, rendered chiefly by volunteers, in establishing reading rooms for service men in World War I, initiating home service for soldiers' families, canteen service to truck drivers, the establishment of first Mrs. John D. Keitz, the enrollment of nurses in the Home Defense service, the knitting of sweaters and socks for servicemen, making garments for war refugees and the sending of Christmas parcels to the doughboys as early accomplishments of the Red Cross, many of which have been carried on into the present.

She mentioned the formation of the Junior Red Cross and their initial projects of gathering peach seeds needed in gas mask manufacture and collecting tin foil. She told of Red Cross help which won army praise during the flu epidemic at Camp Colt and at the 100-bed emergency hospital set up in Xavier Hall.

Tribute To Miss McMillan
Social service work was initiated in 1919 with sewing and cooking history recounted how work among crippled children was started in the classes, well baby clinics and was expanded in the depression years to distribute material, clothing and even state funds to the needy. The county by the Red Cross until a separate organization formed under the direction of the Rotary Club Disaster work was launched first in 1923 in Adams County to relieve suffering after the Japanese earthquake.

The wide production program carried on by 800 volunteers in the county during World War II when bloodmobile service was initiated was referred to briefly. Mrs. Bigham made special reference to the mental health clinic "begun in 1926 and fostered in the years since by Miss McMillan" in the name of the Red Cross. She concluded with a tribute to Miss McMillan adopted by the chapter at her retirement in 1949.

Farrokh

(Continued from Page 1)

to Gettysburg College he continued, merely on a practice scale. He said the language difficulty and a full schedule of classes precluded his full participation in the sport. He enjoys it but does not know whether he will enter varsity competition. His best jump was 6 feet 6 inches.

Young Sarmad is a keen believer in clean sports. He is not interested in football, saying, "I know better ways to kill each other." He likes baseball, basketball and other activities and likes to walk. He said his father was not an athlete but a firm believer in walking which he did practically every day. "He walked early in the morning, sometimes as long as two hours at a time. I tried to keep up with him many times but could not," Farrokh said.

Farrokh likes to dance and does at many college functions. His chief concentration, however, is his education. After Gettysburg he would like to go to Harvard or Columbia to pursue his medical studies. He also wants to inter in the United States and then, if he meets the right girl, he says he may marry . . . but not until his education is completed.

The young man is a member of the Kappa Delta Rho Fraternity.
